

Create your Provider Account in CE Broker today!

CE Broker is the official CE tracking system of the Texas Optometry Board. There is no mandatory cost, though Providers must create an account and report course completions into CE Broker.

Provider Registration Requirements | When registering as a board-approved CE Provider, CE Broker will lead you through a simplified registration process. You will be asked to submit a CE provider profile and primary contact information. You will not be required to submit documentation to register as a provider with CE Broker. Once registered, you will need to submit a course application with applicable documentation.

How to create your CE Broker Provider Account

- 1 | Visit cebroker.com/providers
- 2 | Choose **Texas** from the drop down menu and click **Get Started**.
- 3 | Select the **Texas Optometry Board**, review the application fees and requirements, and click **Register**.
 - If you already have a CE Broker account, follow [these simple steps](#) to get approval from the Texas Optometry Board.

Course Application Requirements | The Texas Optometry Act requires that each active optometrist take courses that relate to the use and application of scientific, technical, and clinical advances in subjects relating to the practice of optometry or therapeutic optometry regularly taught in recognized optometric universities and schools, including vision care, vision therapy, and visual training.

Please be prepared to upload a synopsis of the lecture material to be presented, an itinerary including time in the class, and resumes of the lecturers. Courses will electronically route to the board for approval with your provider application.

Human Trafficking courses can only be approved by the Texas Health and Human Services Commission. They cannot be included in your initial application.
